Our PURPOSE

At our company, we organize tourism trips to Guatemala with **a very special purpose**: to financially support a school that provides food and education to 190 children, most of whom come from low-income families. Each trip not only directly contributes to the well-being and future of these children but also offers tourists a unique and enriching experience.

Living the Coffee Experience

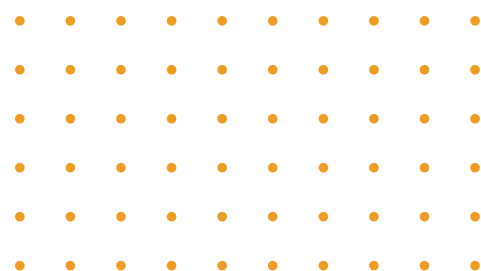

Visitors will have the opportunity to immerse themselves in the fascinating world of Guatemalan coffee, learning about the entire process from planting to cup. This educational tour allows tourists to understand and appreciate the hard work that goes into producing the high-quality coffee we offer.

Promoting Community Tourism

Our commitment goes beyond the school. We also aim to promote community tourism, giving travelers the chance to connect with the local culture and participate in activities that directly benefit the community. We support local entrepreneurs, helping them grow and thrive, which in turn strengthens the local economy.

By choosing to travel with us, you will not only experience an unforgettable journey but also be part of a significant effort to improve the lives of many in Guatemala.

Join us and travel with purpose!

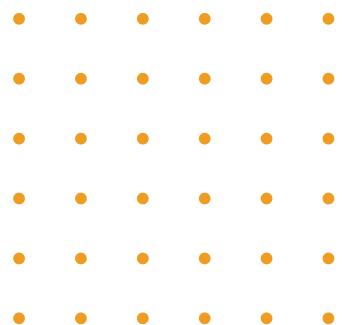

School TOUR

Join us for an inspiring tour of Liceo Tecnológico La Montañita. Discover the history, challenges, and advancements of our educational project that began in 2018 with 25 children and one classroom. Today, we have 200 students and 9 classrooms, providing free education and meals.

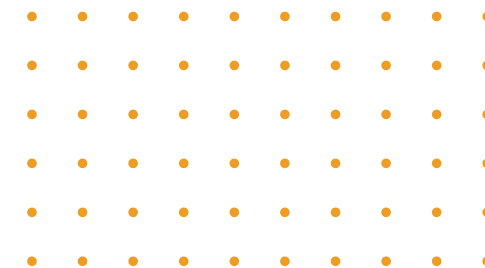

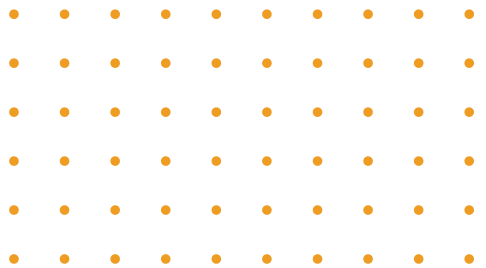

Explore how we have grown and the positive impact we are making in the community.

Day of **FELLOWSHIP**

You'll have the opportunity to get to know the children up close, live a unique experience, and share a meal with the project's collaborators who work tirelessly to achieve success.

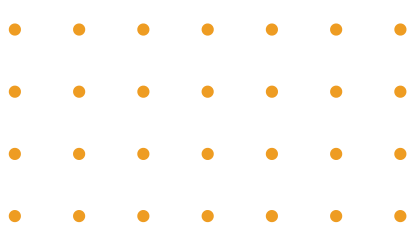

Coffee TOUR

Immerse yourself in the rich coffee tradition as you explore our beautiful estate surrounded by lush landscapes.

Learn about sustainable cultivation and the selection of the finest beans. Visit our drying areas where the beans are prepared under the sun, and discover our organic composting method that naturally enriches the soil.

Witness the production process from roasting to packaging. Uncover how we transform green beans into high-quality coffee.

Enjoy a tasting of our various coffee varieties, identifying their unique notes and nuances.
